

Quick, Efficient Service

Dr. John Harvey, CEO.
"Your time is valuable. Let DAH handle your IT problems, so you can focus on getting your real work done."

DAH offers a wide array of services, service plans and products to help your company operate more efficiently.

From Management Consulting to an array of Technical & IT Services, from Risk Management to Disaster Contingency, DAH can help you get the job done right, the first time.

Disaster Contingency Planning

DAH maintains multiple Datacenters in New York City and in the Heartland Business Park on Long Island, helping to make sure our clients' services remain online and available, 24/7. DAH can provide you with High-Availability Clustering, Load Balancing, Online Backups, Data Warehousing, Redundancy and Disaster Contingency... just to name a few! Keeping your content safe and available is our number one concern.

DAH is there for you when the worst happens; we'll work with you to repair, re-install and reconfigure your systems in an emergency, bringing you back online and up to speed as quickly as possible.

From virus and worm infections, to hardware and software, DAH can provide you with the answer. Call us to discuss your company's specific needs.

Web Site Design & Consulting

From the simplest web sites to the most complex web application development, DAH can help you achieve and exceed your goals. From E-Commerce to Streaming Media, from Content Resource Management to Server & Infrastructure Design, DAH is your one-stop solution.

Certified Disadvantaged Business

DAH is an SBA-Certified DBE, that has just recently graduated from the 8(a) Program. DAH can help you meet mandated DBE participation requirements.

Biodiesel: Renewable Domestic Energy

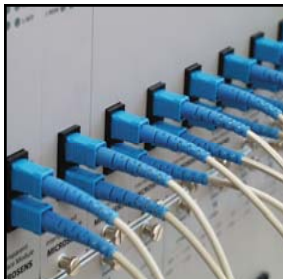

DAH is a wholesaler of all grades of Biodiesel to the US Armed Forces, as well as other purchasers of renewable, domestically-produced energy sources.

Hardware, Software & Peripherals

DAH can fulfill all your hardware and software needs, with quick shipping to anywhere in the world. Some satisfied DAH Customers include the US Army, US Air Force, The Defense Threat Reduction Agency, many School Districts and Faith-Based / Community-Based Organizations. DAH is a GSA, AFWAY and E-Rate Authorized Vendor. DAH also offers support and installation for a wide range of products, including all CISCO Networking Routers, Switches and related hardware. Call your service representative to discuss your needs in detail.

Infrastructure Analysis & Duplication

DAH Engineers can assess your current network and server infrastructure and recommend ways to strengthen them against failure or to upgrade them to higher levels of performance. DAH can remotely duplicate your entire datacenter configuration and have it kept current, moment by moment, over a high-speed, dual redundant fiber optic ring. In a crisis situation, operations can be simply shifted over to the backup datacenter, and all services are back online in moments.

Partial List of GSA Services
